Gen. MacArthur Found That No Insurgents Had Been There For Some Time.

REBELS GATHERING AT SAN MIGUEL.

MacArthur Preparing for an Attack. His Forces Being Disposed Between Durban and Dagupan.

Gen. Wheeler Decides Not to Return Home for Congress—There is a Revival of Insurgent Activity South of Manila, Particularly in Cavite.

MANILA, Nov. 21.—There has been a revival of insurgent activity south of Manila, particularly in Cavite province. At Imus Sunday the Filipinos fired a smooth-bore cannon, but this was soon silenced by the American artillery.

In the course of the morning Maj. Cowles, with a battalion of the 4th infantry and two guns, scattered the enemy from the districts around Imus and in the direction of Perez Das Marinas. The Americans could not pursue the retreating insurgents because their ammunition was exhausted. The Filipinos were under the command of Gen. Mariano Trias.

Spies report that the insurgents are coming into Cavite province from Calamba, in Laguna province and the other southern provinces. The insurgents have smooth bores and two modern cannons. Firing was in progress Monday afternoon and it is reported that there are more insurgents in the vicinity of Imus than ever before.

Gen. MacArthur's reconnaissance entered Dagupan Monday afternoon. The Americans found that no insurgents had been there for four days. The 3rd infantry was probably in Dagupan Sunday, leaving Sunday night. No insurgents have been seen anywhere near the railroad, and it is believed that the only armed force of any size in the mountains of the province of Zambales to the west, although there are reports of insurgents concentrating at San Miguel de Camiling, west of Panique, and at Mangaratara for Nan Alakano, west of Iraya. Gen. MacArthur is prepared for the attack his forces being disposed between Durban, province of Tarlac, and Dagupan. The 10th infantry, a battalion of the 7th infantry and two troops of cavalry are with Gen. MacArthur below Dagupan.

Gen. Wheeler has decided not to return for congress. He is writing a letter to President McKinley with a request that it be forwarded to the house of representatives. In the course of an interview with a press correspondent he said: "Congress if it occupies the first day of the session in passing a resolution declaring in unmistakable terms that the sovereignty of the United States is to be maintained in the Philippines, thus dispelling Aguinaldo's delusion that the anti-imperialists can assist him, will be performing a sacred duty. Such a resolution would save the lives of many American soldiers and thousands of deluded Filipinos, would avert famine, suffering and desolation from these islands, and would render unnecessary the expenditure of hundreds of millions of dollars."

The people on Cotta Island, on the southwestern coast of the island of Mindanao, desire the establishment of American government there, and have addressed a petition to Gen. Otis asking him to send troops.

Two columns, one from Imus and the other from Bacoor, converged on Zapote bridge Sunday, and they found a deserted Filipino camp.

Two troops of the 4th cavalry, four companies of the 4th infantry and two guns of Capt. Riley's battery proceeded to Anao, south of Imus and came upon the enemy entrenched at that point. They scattered the Filipinos, but as the latter were subsequently reinforced, the Americans returned to Imus under fire, seven of our men being wounded. Our scouts found 15 dead insurgents at Anao.

Thirty insurgents, under a major, escaped from Bayambang Sunday about ten minutes before the Americans entered. Others, it is said, threw their guns into the river and now play the role of amigos. Many Spanish prisoners, escaped from the Filipinos, are at Bayambang, among them the former governors of the province of Tarlac and Zambales. There is also quite a large colony of former insurgent officers collected at that point, including Maj. Ortiz, who acted as interpreter for the Filipino commission headed by Gen. Alejandro, who visited Manila in September. Ortiz has announced that he aims clothing and ammunition that he has abandoned the insurgent.

The Spaniards say that the new insurgent capital is different, and that the American prisoners are at Camintin. They report having seen Lieut. Gillmore and his party in the north.

THE "MIXED SCHOOL."

Superintendent Anderson, Refused to Give to a Pseudo-School Which He Said Was in Which Negroes and Whites Attended.

CORDELE, Ga., Nov. 21.—Notice has been served here, that he must give up a Sunday-school he had started which both white and Negro children attended. It was a colony of northern settlers on the Georgia and Alabama road about seven miles from Cordelle. Mr. Anderson is one of the settlers and some time ago started his "mixed school."

A meeting of the people in the neighborhood was held and resolutions were adopted declaring the school a "vile nuisance," which should not be tolerated and a committee was appointed to inform Mr. Anderson that his school must be disbanded or he would have to take the consequences. That gentleman informed the committee that he would continue his school at all hazards. Should he persist in his determination trouble will result.

THE PRESIDENT'S MESSAGE.

The section relating to the War Will Be Held in Effect as Far as Possible—Other Sections About Finalized.

WASHINGTON, Nov. 21.—The secretary of war has received two letters from the president Monday discussing his annual report, on which report will be based some of the most important sections of the president's message to congress. It is understood that this section of the message will be held open as long as possible, awaiting developments in the Philippines, which may change the status of the situation almost at any day.

The other sections of the message are nearly completed, but to finish the message before congress meets will call for a large amount of hard work. Owing to this fact it is probable that the president will not be able to go to Nashville to participate in the welcome home of the Tennessee regiment. No definite determination has been made, however. If the trip is undertaken it will be made in the briefest practicable time.

Domestic postal cards also are directed to be admitted to the foreign mails if the words "carta postal" are placed on them.

Fired on the Mob.

CORVINTON, Ga., Nov. 21.—A masked mob of about 75 men attacked the jail here at 11 o'clock Monday night in an effort to secure Wm. Collins, a white man. Sheriff Anderson, in defending the prisoner, ordered his deputies to fire on the mob. "Countdown" shooting is not known, but the sheriff said he saw one man carried off by his companions. Collins attempted to assault Miss Minnie Kirkus, who lives near the Porterdale mills.

LADYGREY DESERTED BY THE BRITISH.

The English Made Two Unsuccessful Attempts to Oust the Rustenburg Commando Near Mafeking.

Severe Fighting Took Place—Reports of a Heavy Rattle at Ladysmith Not Confirmed—Gen. Joubert Reported to Be Moving South.

LONDON, Nov. 21.—The Standard publishes the following from Ladysmith, dated Sunday, November 19: "The arrival of the relief column at Estcourt has completely modified the plans of the enemy, and Gen. Joubert has moved to the south in an effort to prevent the junction of the two British forces."

ESTCOURT, Nov. 21.—Maj. Bethan's patrols have located the enemy on the northwest, about ten miles off. The Boers would not be drawn. Fighting is reported at the Mooir.

The Boers are doing more looting than fighting and all their parties of Ladysmith are foraging on the farms.

Advices from Ladysmith tell of brilliant service stories with comparative slight loss on our side and heavy

slaughter of the enemy. Ladysmith is full of wounded and captured Boers. It is reported that in the fighting on November 9 the enemy lost 300 killed and 1,000 wounded.

The Boers are trying hard to influence and conciliate the native Kafirs.

LONDON, Nov. 21.—The reports of heavy fighting at Ladysmith last week have not been confirmed. On the contrary, the most reliable advices from Estcourt indicate that there was nothing more than a desultory cannonade. Probably the rumor of a serious engagement grew out of the fact that the Boers threw a few harmless shells late Tuesday night, leading to the supposition that an attack was imminent. Nothing, however, happened Wednesday.

Beyond the fact that the Boers are daily receiving fresh reinforcements and supplies, there is practically nothing new from the front. The Boer invasion of Cape Colony continues steadily and rapidly.

There are 1,300 Boers at Coleberg, and news has reached East London that Ladysmith, near Alwal, north, has been deserted by the British and is now in the hands of the enemy.

A Pretoria dispatch announces the arrival there among the prisoners of the British relieving force with the forces at Estcourt and Ladysmith, while on the Orange river border the Boers are believed to be concentrating at Donkerpoort to oppose Gen. Buller. It is said 6,000 Boers have already lagged at Donkerpoort.

THE KENTUCKY MUDDLE.

Democrats Comed to a Majority for Taylor on the Face of the Returns, But Hope to Throw Out Louisville Vote.

FRANKFORT, KY., Nov. 21.—The democratic state campaign committee concludes that Taylor has a majority on the face of the returns, but based a hope of the election of the democratic ticket on throwing out the vote of Louisville on account of interference of Bradley's soldiers, and Johnson and Knox counties, where issue ballots were used. The Kentucky election law plainly provides for a secret ballot, and the republicans admit that they are not as well fortified in the defense of their interests in Johnson and Knox county cases as might be, but do not credit to any extent the democratic claim regarding Louisville.

In fact, they assert that should Louisville be thrown out on the pretext claimed, they will not stand for it, and that they have the assurances that Gov. Bradley will back them in resistance which they say is already fully planned. Goebel managers Monday announce they will not take an appeal from the decision of Judge Jones at Glasgow, where 1,03 majority of Nelson county votes, erroneously certified for W. P. Taylor were counted for C. Taylor.

In this state of the vote of Jefferson, Knox and Johnson must be wiped out to give Goebel a majority, but his managers, it is believed, are collecting evidences of alleged fraud in various republican counties, and in this will ask the state election board to throw out those counties. Senator Deboe came to bed Monday night and is supposed to be in

the city hospital. The commissioner of internal revenue has decided that an executor or trustee should not pay the legacy taxes on life interests or interests for a given period annually. The whole tax on such interests must be paid at one time.
